GILBERT'S MAINTENANCE CORNER

With the heat of summer just around the corner, so is the need for air conditioning. Please test your air conditioner now to see how it is working so we can address any issues with HVAC ahead of time. It's no fun for our residents (or Maintenance) when there are several A/C calls in the middle of summer all at once... we can only work on one at a time. We want everyone at Concord to have a cool, relaxing summer.
